

Streatham Wells Primary School

Rules for Responsible Internet Use

The school has installed computers and Internet access to help learning. These rules will keep everyone safe and help us be fair to others.

- I will ask permission from a member of staff before using the Internet.
- I will use the school login and password when necessary.
- If I find questionable/unsuitable materials I will report this to a member of staff.
- I will not access other people's files.
- I will use the computers only for school work and homework.
- I will not bring any form of memory storage into school unless agreed by prior arrangement e.g. Homework.
- I will only e-mail people I know, or my teacher has approved.
- The messages I send will be polite and sensible.
- I will not give my home address or phone numbers, or arrange to meet someone, unless my parent, carer or teacher has given permission.
- I will not use 'newsgroups'/'chat rooms'/'social networking sites' unless a member of staff or parent/carer has given permission or it is a school's community site.
- To help protect other pupils and myself, I will tell a teacher if I see anything I am unhappy with or I receive messages I do not like.
- I understand that the school may check my computer files and may monitor the Internet sites I visit.

Access to the Internet provides connections to computer systems all over the World. Users and parents must understand that Streatham Wells Primary School does not control the content of information on these systems. We will endeavour to filter out unsuitable material as far as possible with the filtering software provided by London Grid for Learning (our Internet provider).
