

October 2011 Newsletter

Welcome to our October newsletter, hope that you all had a great summer and it was so nice to see so many of you at our summer holiday activities this year!

Summer holidays was another success for SLSP with over 300 children attending the holiday activities. Feedback from children and those parents who stayed and joined in has been excellent and really shows how worth while these activities are.

New term has started and you will now be aware that the cluster of schools are officially called South Lambeth Schools Partnership and we have a colorful new logo!

Last term we launched Lambeth Children's University across the cluster of schools and you should each have received a flyer on Children's University and how to become a member. If not don't worry just contact me and I will send some information to you.

My main focus this year will be supporting each of the schools in SLSP launching this and recruiting members. All of the holiday activities will be CU validated so if you are a CU member you will be able to get your passport stamped! If not do not worry all the activities are still open to all children.

We are launching our new website this month on 14th October www.lambethchildrensuniversity.co.uk we hope that you will find it easy to use and all the information you require on Children's University and also all the holiday activities that are planned for the up and coming months.
